PROFESSIONAL SUMMARY

Motivated Computer Science (AI) student seeking an opportunity to start my career as a software developer, where I can utilize my skills in Java, SQL, programming, and problem solving to contribute to organizational growth and gain practical experience.

EDUCATION

Bachelor of Engineering (B.E) in Computer Science & Engineering (AI)

Saveetha School of Engineering, Chennai | CGPA: 8.2 / 10.0 | Graduated: 2027

Board of Intermediate Education (12th)

Narayana Junior College, Hyderabad | Score: 94.7% | 2023

PROJECTS

Student Management System | Java, Spring Boot, Spring Data JPA, MySQL, REST API, Maven

- Designed and developed a full-stack RESTful API application to manage student records with CRUD operations.
- Implemented Spring Boot backend with Hibernate ORM, reducing database query time by 35% through optimized JPA mappings.
- Built exception handling and input validation layers using Spring MVC annotations, ensuring data integrity.
- Integrated MySQL database with 5+ relational tables; deployed locally on Apache Tomcat server.

Library Management System | Java, JDBC, MySQL, Swing (GUI)

- Built a desktop application to manage book inventory, member records, and issue/return tracking using Core Java and JDBC.
- Implemented OOP principles (inheritance, encapsulation, polymorphism) across 10+ Java classes.
- Reduced manual tracking effort by 60% by automating overdue fine calculations and availability checks.

Campus Connect – Real Time Student Accommodation & Roommate Matcher | Flutter, React.js, Supabase, PostgreSQL, Git, GitHub

- Developed a full-stack student accommodation platform with a Flutter mobile app and React.js-based admin dashboard for room discovery and roommate matching.
- Implemented GPS-based property search, real-time messaging, secure user authentication, and role-based access using Supabase and PostgreSQL.
- Designed a scalable application using Object-Oriented Programming (OOP), integrated Git/GitHub for version control, and maintained a modular architecture for efficient development.

TECHNICAL SKILLS

Languages: Java (Core Java), SQL, Python (Beginner)

Databases: MySQL

Tools & Platforms: Git, GitHub, Eclipse, VS Code

Concepts: OOP, Data Structures & Algorithms

CERTIFICATIONS & TRAINING

- Oracle Certified Professional: Java SE 11 Developer** | Oracle
- Oracle Database SQL Certified Specialist** | Oracle
- Alpha (DSA with Java)** | Apna College

ACHIEVEMENTS & ACTIVITIES

- Solved **30+ problems** on LeetCode.
- Participated in **Hexaware AI Innovation League**; Build AI solutions that solve real-world problems in 24 hours.
- GitHub:** www.github.com/bharath0990/
